Solid Waste Supervisor.

MEMO

TO: Transfer Station customers
FROM: Robert Mercer *RM*
SUBJECT: Rate increase
DATE: 9/22/21

All,

The City of the Norfolk's transfer station will be increasing the tipping fee by 5%. This will make the total cost of disposal for municipal solid waste at \$69.30 per ton. This increase is due to the continuing cost of yard waste handling and disposal and the ever-increasing cost of equipment and maintenance.

The increase of tipping fees will be effective October 1st, 2021
